has been printed, and it is impossible to issue more of them, as the different pages have all been distributed. It contains

thirteen columns to a page. Each column FORTY-EIGHT INCRES in length. The paper is of superior quality, of great strength and times more than a ream of the Herald, Times, or Tribune, costs copies is equal to that required for over 200,000 copies of the Times and Herald. It has taken eight weeks of unceasing labor of nearly forty persons to produce this

MASTODON PAPER

Four of its immense pages are largely occupied with SPLENDID ENGRAVINGS:

Among them are the following:

Portraits of President Buchsnan, Edward Everett, N. P. Banks, the Rev. Henry Ward Beecher, the Rev. E. H. Chapin, Baron Humboldt, James Gordon Bennett, Horace Greeley, Elizaboth Barrett Browning, the Sculptor Crawford with his statue of America; Harry Howard, Chief Engineer New-York Fire De

MOON HOAX!

as originally published in the New-York Sun in 1635. At that time it created an immense sensation throughout the world, and was copied into almost every newspaper-every one for the time being placing implicit confidence in the truth and correctness of the narrative. We could not find a copy of it in any library in New-York, and we are indebted to the proprietor of the Sun for the use of the only copy he has. It will double-s be read by the readers of the present time with great avidity, that they may see how abourd a narrative people placed faith in only twenty four years ago.
